To Whom It May Concern,

The EMH Center for Health and Fitness in Avon, Ohio is an award winning facility, regarded as one of the premier medical fitness centers in the region. We consistently look for the best products in the industry, along with what the future holds regarding new technology and equipment. In today's fitness equipment market, vendor relationship is extremely important. For the past three years, I have had the pleasure of working with Jeff Levine and his team at Fitness Brokers. From helping out with preliminary research, to working on proposals, to set up and delivery, and finally addressing any further maintenance and customer satisfaction issues, Fitness Brokers has done a tremendous job in their relationship with us.

I feel extremely confident in recommending Fitness Brokers to other colleagues in the area. I know that Fitness Brokers will treat them with the same service that they have treated our organization with over the years. We look forward to continuing our relationship with them in the future.

In Good Health,
